

A new dawn for the outdoors

The fresh effect

Proudly New Zealand-owned, Urban Effects brings 20 years of local business experience to our passion: providing exceptionally stylish and functional outdoor furniture and facilities.

Every day, we partner with Councils, developers, architects and designers to create inviting outdoor spaces within our streets, parks, schools and urban areas. We've got everything you need to help inspire your community, students and visitors: from standard to bespoke solutions, design and creative excellence, and experience you can count on.

At Urban Effects, we truly enhance urban landscapes with refreshingly different solutions that are made to suit: **seats, tables, barbeques, drinking fountains, shelters, bike racks, grandstands** and we're with you every step of the way from **project planning and design**, through **supply and installation**, to **maintenance and care**.

Take a fresh look at your outdoor spaces today ...
