

Duraform Bench

This low maintenance *Duraform* Bench is a marine grade Aluminium Bench that has a sleek modern style to it. Made from anodised aluminium extrusion and strong steel frames, this easy clean bench not only fits your budget, it fits into any education or workplace landscape.

Customisation available

Part of a range

Environmental credentials

Quality & durability

Listed below are some of the features and benefits of anodised aluminium.

- Graffiti resistant – graffiti can be easily removed using general cleaning products.
- Minimal maintenance – aluminium seating does not rot, rust or splinter and never needs painting.
- Long life – the anodised surface protects the seat from the harsh wear and tear of salt water and other chemicals which, along with the fact that the seat does not rot or rust, gives it a long life span.
- Comfort – the clear anodised surface reflects heat making it comfortable to sit on.

Ideal for

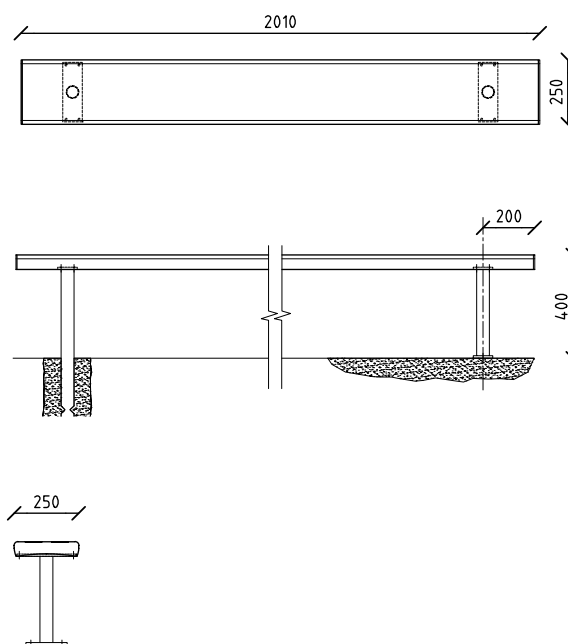

- Schools
- Workplaces
- Coastal locations
- Sport and recreation clubs

Finishes available

- Clear anodised aluminium extrusion
- Powder coated frames and end caps
- Available in 2m, 3.6m, 5.2m or 6m lengths
