

Minus Simple Dog Drinking Fountain

The Minus Simple Dog Drinking Fountain features a durable powder-coated Aluminium body paired with sleek stainless steel bowls. Designed with convenience in mind, it includes a single dispenser with a timed push-button mechanism, ensuring efficient water flow. The lower dog bowl dispenser is perfect for easy access by pets of all sizes. This fountain is surface-mounted for straightforward installation and stability.

Environmental credentials

Wheelchair access

Quality & durability

- Powdercoated Aluminium body with stainless steel bowls.
- Single dispenser- timed push button type.
- Lower dog bowl dispenser.
- Surface mounted.

Important notes:

- The bubbler mechanism is inadvisable for temperatures consistently below 4°C, unless appropriate mitigation practices are implemented on-site.
- Fountain requires mains pressure to ensure optimal performance.
- If using a filter, it's recommended to be replaced every 6-12 months to prevent blockages that may result in insufficient pressure for the bubbler to function properly.
- It's crucial to maintain clean filters for the health and safety of users.

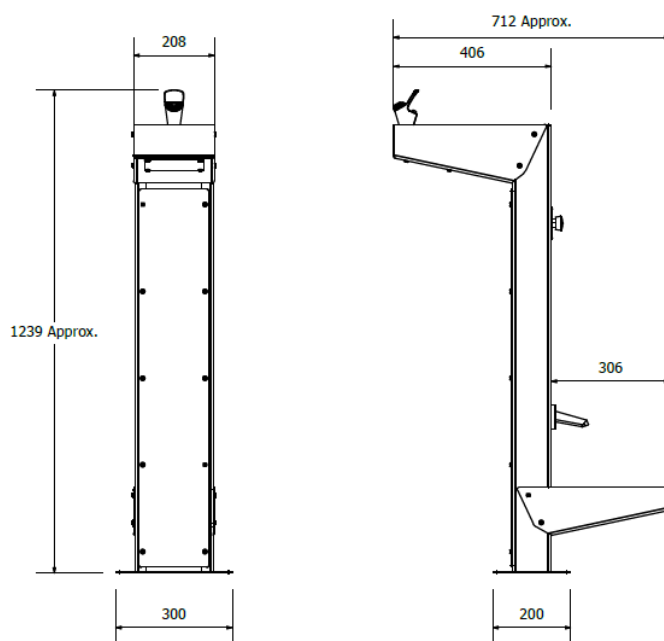

Ideal for

- Schools
- Council Parks
- Walkways
- Public Spaces

Finishes available

- Full stainless steel body
